Q-3.

Simulate managing customer reviews by writing two sample positive reviews and one negative review for your business, then draft appropriate public responses for each review.

Ans:

Positive Review 1

Customer Review:
“Raj Café & Coffee House has excellent coffee and tasty sandwiches. The staff is polite, and the atmosphere is perfect for spending time with friends.”

Public Response:
Thank you for your lovely feedback! We are delighted that you enjoyed our coffee, sandwiches, and service. We look forward to welcoming you again soon.

Positive Review 2

Customer Review:
“I had a wonderful experience at this café. The food was fresh, the service was friendly, and the place was clean and comfortable.”

Public Response:
Thank you for visiting us and sharing your experience. We are happy to know you enjoyed our food and service. Your support means a lot to us!

Negative Review

Customer Review:
“The café was nice, but my order arrived late, and I had to wait longer than expected.”

Public Response:
We sincerely apologize for the delay in your order. We understand how frustrating waiting can be, and we appreciate your feedback. We will work to improve our service and provide a better experience next time.

Q-4.

Add three common customer questions to the Q&A section of your Google Business Profile (for example: 'Do you offer home delivery?', 'Is parking available?', 'Are you open on Sundays?') and provide clear, helpful answers for each.

Ans:

Question 1: Do you offer home delivery?

Answer: Yes, home delivery may be available in selected areas. Please contact our café to confirm delivery availability and charges.

Question 2: Do you accept online payments?

Answer: Yes, customers can pay using supported digital payment methods, including UPI, subject to availability.

Question 3: Can I reserve a table in advance?

Answer: Yes, customers can contact us in advance to check table availability and make a reservation.

Q-5.

Analyze the Google Business Profile Insights for your fictional business (use the demo data provided in class or screenshots from a real profile online) and list three actions you would take to increase profile views or customer engagement based on the data.

Ans:

Google Business Profile Insights – Raj Café & Coffee House

Metric	Example Data
Profile Views	1,200
Search Views	850
Maps Views	350
Website Clicks	45
Phone Calls	30
Direction Requests	25

Three Actions to Improve Performance

1. Upload More Photos and Posts

Regularly upload high-quality photos of coffee, snacks, café interiors, and new offers. Publish updates about new menu items to attract more potential customers.

2. Encourage Genuine Customer Reviews

Ask satisfied customers to share honest reviews about their experience. Respond politely to both positive and negative feedback to build trust and improve customer engagement.

3. Improve Calls to Action

The profile has 45 website clicks, 30 phone calls, and 25 direction requests. Add clear calls to action such as “Visit Us Today,” “Call Now,” and “View Our Menu.” This may encourage more customers to contact or visit the café.
