Local Citations

Q-1.

Create a Google Sheet listing 5 popular local businesses in your city (restaurants, salons, gyms, etc.), and for each, find and record their NAP (Name, Address, Phone) details as shown on Justdial and Sulekha.

Ans:

Google Sheet:
https://docs.google.com/spreadsheets/d/1FU3EWgVchGriZKyiPKFTBB9-4nwpkOeZJp5No7Crdgc/edit?usp=sharing

Suggested Sheet Format:

No.	Business Name	Justdial Address	Justdial Phone	Sulekha Address	Sulekha Phone
1	The Great Punjabi Dhaba	Near Iskon Temple, Opposite Rasala Restaurant, Samina Park, Rajkot–360005, Gujarat	79426 88363	Verify on Sulekha	Verify on Sulekha
2	Local Restaurant 2	Enter verified address	Enter verified phone	Enter verified address	Enter verified phone
3	Local Salon 1	Enter verified address	Enter verified phone	Enter verified address	Enter verified phone
4	Local Gym 1	Enter verified address	Enter verified phone	Enter verified address	Enter verified phone
5	Local Café 1	Enter verified address	Enter verified phone	Enter verified address	Enter verified phone

Replace the sample rows with actual businesses and verify their details on Justdial and Sulekha before submission.

Q-2.

Pick any one business from your list and check its NAP details on at least 3 Indian citation sites (Justdial, Sulekha, IndiaMART, Yellow Pages, etc.). Note any inconsistencies in name, address, or phone number between the sites.

Ans:

Selected Business: The Great Punjabi Dhaba

Citation Site	Business Name	Address	Phone	Difference
Justdial	The Great Punjabi Dhaba	Near Iskon Temple, Opposite Rasala Restaurant, Samina Park, Rajkot–360005, Gujarat	79426 88363	Reference listing
Sulekha	The Great Punjabi Dhaba	Not verified	Not verified	Address and phone need checking
Google Maps	The Great Punjabi Dhaba	Near Iskon Temple, Opposite Rasala Restaurant, Samina Park, Rajkot–360005, Gujarat	79426 88363	Compare with other listings

Conclusion: The business name appears consistent in the available details. The Sulekha address and phone number need verification to confirm NAP consistency.

Q-3.

Use a free online citation consistency checker tool (like Moz Local or BrightLocal) to analyze a business's NAP consistency, and take a screenshot of the results.

Ans:

Tool Used: BrightLocal

Steps Followed:

1. Open the BrightLocal website: https://www.brightlocal.com/

2. Find its local SEO or citation-checking tool.
3. Enter the business name, address, and phone number.
4. Start the check if the free demo or trial is available.
5. Review the results for incorrect names, addresses, and phone numbers.
6. Take a screenshot of the results page.

Result: The actual NAP consistency result must be recorded from the tool after running the check.

Screenshot: Attach the screenshot of the results page to the assignment.

Q-4.

Imagine you are helping a new food delivery startup (like Zomato) improve its local SEO. Suggest 3 specific citation sites (India-focused) where they should create or update their business listing, and explain why each site is important.

Ans:

1. Justdial

Justdial is a popular Indian local business directory. A food delivery startup can create a business listing with its name, address, phone number, and services. This can improve local business visibility.

2. Sulekha

Sulekha is another Indian local business directory. Maintaining an accurate listing can help customers discover the business and can support local SEO efforts.

3. IndiaMART

IndiaMART is a major Indian business directory and marketplace. Creating a business profile can strengthen the startup's online business presence and help it become more discoverable.

Q-5.

Try out a citation building tool (such as Yext, Synup, or BrightLocal demo) and describe the step-by-step process you followed to submit or update a business listing.
